

Nicholas A. Ficeto

5395 Stockton Ct, Powell OH 43065
Cell: 310-924-5141 - nicholas.ficeto@tufts.edu

Professional Profile

Driven, aspiring UX developer with a passion for analytics and behavior-based web design to optimize site usability. Strive to facilitate cooperation in group settings and work efficiently both as a specialized team member as well as a project organizer.

Qualifications

- HTML, CSS
- Bootstrap
- Javascript/JQuery (familiarity)
- Google Analytics (familiarity)
- C++
- Microsoft Office (Word, Excel, PowerPoint)
- Strong Communication and Public Speaking Skills

Relevant Experience

- Data Structures Course (work with a variety of ADTs in C++)
- Web Programming Course (exposure to both client and server side languages and softwares including HTML/CSS JQuery, NoSQL)
- Worked on team project that uses geolocation to connect Tufts students to others, through a social web interface that connects "chefs" who can host dinners at off-campus houses to "guests" (i.e. other students). Helped write both the front-end page layouts, as well as construct multiple databases
- Personal website (www.cs.tufts.edu/~nficet01)
